About 9 Spokes

9 Spokes is a business tracking and insights tool that enables SMEs to harness the power of their data to improve performance. SMEs can connect their cloud software to the 9 Spokes platform and use the Tracker tool to get a comprehensive, near real-time picture of how they're performing across the metrics that matter most – so they can make quick, sharp decisions that impact growth.

9 Spokes is available to SMEs directly through 9spokes.com and as a white-labelled platform for enterprise customers, including banks and other financial services providers. The bank-branded Gold or Platinum platform allows banks, under their own branding, to deliver richer and more engaging experiences to their SME customers. Through permissioned access to their SME clients' data, banks get the insights they need to offer products and services that are better tailored to their small business customers' needs.
