Resolution 3 - Re-election of Kevin Phalen as a Director

1. As announced to the ASX on Monday, 28 June 2021, the Company appointed Kevin Phalen, an independent non-executive director as an addition to the existing Directors. Resolution 3 seeks approval for the re-election of Kevin Phalen. Clause 12.4(a) of the Company's constitution provides that the Directors may appoint any person as a Director to fill a casual vacancy or as an addition to the existing Directors, provided the number of Directors does not exceed 10. Clause 12.4(b) of the Company's constitution provides that any person appointed as a Director pursuant to clause 12.4(a) will hold office until the next annual meeting of the Company, at which time the Director may be re-elected but he or she will not be taken into account in determining the number of Directors who must retire by rotation at that meeting in accordance with clause 12.5(a).
2. In accordance with the above, Kevin Phalen retires at the Meeting and being eligible, offers himself for re-election as a Director.
3. Kevin brings over 30 years of global banking and financial services experience to the Board. Most recently, as Senior Vice President and Global Head of Business Solutions at Visa International ("Visa"). 5. The Directors (except Kevin Phalen) unanimously recommends that Shareholders **vote in favour** of this Resolution 3.

Resolution 4 – Approval of Amendments to Employee Share Option Plan (ESOP)

1. The terms of the ESOP were last approved by Shareholders on 19 July 2019 at the Company's 2019 Annual General Meeting for a period of 3 years. Under the ESOP, employees of the Company (which includes Directors, subject to additional Shareholder approval pursuant to ASX Listing Rule 10.14) may be offered the opportunity to subscribe for Options.
2. The Company uses the ESOP to promote a culture of ownership amongst the stakeholders of the Company and to motivate its staff. The Company proposes to grant Options pursuant to the ESOP.

3. The ESOP was last approved by Shareholders in accordance with exception 9(b) (the predecessor of the current exception 13(b)) of ASX Listing Rule 7.2 at the Company's 2019 Annual Meeting, held on 19 July 2019.
4. The Company is proposing to amend the ESOP for the purpose of providing that, contrary to the current terms of the ESOP, Options that have not vested as at the time an offer is made to acquire all of the Shares in the Company will not be cancelled without compensation on the date of such offer. It is proposed that the relevant clause of the ESOP (clause 10.2) will be deleted and replaced with a clause that provides that all Options would become exercisable and any vesting conditions would be deemed to be satisfied as at the time immediately prior to any liquidity event (as defined in the Amended ESOP), such that holders of Options may participate in any offer arising as a result of such liquidity event.
5. Certain terms of the ESOP are incorporated by reference into the Option terms for those Options previously issued under the ESOP. To the extent that the ESOP terms are amended, the Company is also seeking Shareholder approval to amend the associated Option terms, so that the Option terms for all holders of Options are consistent with the Amended ESOP.
6. The purpose of the proposed amendments to the ESOP is to provide a further incentive to the employees of the Company to achieve the long-term, strategic objectives of the Company.
7. Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the number of Equity Securities that the Company can issue without the approval of its Shareholders over any 12 month period to 15% of the fully paid ordinary securities on issue at the start of that period (**15% Placement Capacity**).
8. ASX Listing Rule 7.2 Exception 13 sets out an exception to ASX Listing Rule 7.1 such that an issue under an employee incentive scheme (which includes the ESOP) does not use the Company's 15% Placement Capacity if within three years before the issue date ordinary security holders approved the issue of equity securities under the scheme as an exception to ASX Listing Rule 7.1 in accordance with the ASX Listing Rules.
9. As approval for the issue of Equity Securities under the ESOP was last obtained on 19 July 2019, and it is proposed to amend the ESOP, approval is sought under Resolution 4 for the issue of Equity Securities under the terms of the ESOP, including the amendments described in the Explanatory Memorandum for the purposes of ASX Listing Rule 7.2 Exception 13.
10. This will be the first approval sought under ASX Listing Rule 7.2 Exception 13 in relation to the ESOP with the amendments as summarised below.

11. A summary of the current terms of the ESOP, and the proposed amendments to the ESOP, is as follows:
- (a) Participants may be employees of the Company (or any of its subsidiaries), Directors, or people who have a service contract with the Company.
 - (b) Only Options may be granted under the ESOP.
 - (c) The exercise price, the Option period, the vesting conditions and the exercise conditions of the Options granted under the ESOP will be specified in a relevant letter of offer to each participant.
 - (d) Options granted under the ESOP are personal and are not transferable without the approval of the Directors.
 - (e) In the event of a Liquidity Event (including a change in beneficial ownership of at least 50% of the Shares in the Company as a result of a single transaction, a takeover of the Company or the sale of all or substantially all of the assets of the Company), all Options would become exercisable and any vesting conditions in respect of some or all Options held by a participant will be deemed to be satisfied as at the time immediately prior to the Liquidity Event, such that holders of vested Options may participate in any offer arising as a result of a Liquidity Event. The Board will give notice to the holders of vested Options in sufficient time to enable those holders of those vested Options to exercise their Options prior to the relevant offer period expiring.
 - (f) Unless the Directors determine otherwise:
 - (i) should the relevant participant cease to provide services to the Company, all Options not yet vested will be cancelled; and
 - (ii) all Options that have vested must be exercised within three months following the relevant participant's leaving date.
 - (g) There are specific provisions regulating Options issued to participants in the United Kingdom and the United States.
12. A copy of the proposed Amended ESOP (and the associated pro-forma letter of offer) will be tabled at the Meeting and is available at: <https://www.9spokes.com/investors>.

13. If Shareholders approve Resolution 4, any issue of Equity Securities under the Amended ESOP during the 3 year period after the Meeting will not use any of the Company's 15% Placement Capacity. However, this exception does not apply to the issue of Equity Securities to related parties of the Company (including Directors) under the Amended ESOP, and issues to such persons will require separate Shareholder approval under ASX Listing Rule 10.14.
14. If Shareholders do not approve Resolution 4, any issue of Equity Securities will use the Company's 15% Placement Capacity, effectively decreasing the number of Equity Securities it can issue without Shareholder approval over the 12 month period following the issue of the Equity Securities.
15. An approval under Resolution 4 is only available to the extent that:
 - (a) any issue of Equity Securities under the Amended ESOP does not exceed the maximum number of securities proposed to be issued as set out below; and
 - (b) there is no material change to the terms of the Amended ESOP.
16. For the purposes of ASX Listing Rule 7.2 Exception 13 the following information is provided:
 - (a) A summary of the terms of the Amended ESOP is set out above.
 - (b) A total of 17,665,613 Options have been issued under the ESOP to Directors and employees since the ESOP was last approved by Shareholders on 19 July 2019. None of those Options have been cancelled as a result of certain Directors and employees no longer being employed by the Company and none of the Options have been exercised nor expired since issued. The current net balance of Options issued under the ESOP is 17,665,613.
 - (c) Subject to Shareholder approval, the maximum number of Equity Securities proposed to be issued under the Amended ESOP within the three-year period from the date this Resolution 4 is approved is 80 million Equity Securities (Options). This maximum number is not intended to be a prediction of the actual number of Equity Securities proposed to be issued under the Amended ESOP.
 - (d) A voting exclusion statement is included in the Notice of Meeting.
17. The Directors unanimously recommend that Shareholders vote in favour of this Resolution 4.

Resolution 5 – Approval of Additional 10% Placement Capacity

Summary

1. Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of Equity Securities that the Company can issue without approval of its Shareholders over any 12 month period to its 15% Placement Capacity.
2. Under ASX Listing Rule 7.1A, however, an eligible entity can seek approval from its Shareholders, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.
3. An "eligible entity" means an entity which is not included in the S&P/ASX 300 Index and which has a market capitalisation of A\$300 million or less. The Company is an eligible entity for these purposes.
4. Resolution 5 seeks Shareholder approval by way of special resolution for the Company to have the additional 10% capacity provided for in ASX Listing Rule 7.1A to issue Equity Securities without Shareholder approval (**Additional 10% Placement Capacity**). While the Company has no current intention to raise additional capital at this time, the Company wishes to retain as much flexibility as possible to issue additional Equity Securities into the future without having to obtain Shareholder approval for such issues under ASX Listing Rule 7.1.
5. If Resolution 5 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in ASX Listing Rules 7.1 and 7.1A without any further Shareholder approval.
6. If Resolution 5 is not passed, the Company will not be able to access the Additional 10% Placement Capacity and will remain subject to the 15% Placement Capacity limit.

Information Required by ASX Listing Rule 7.3A

7. Pursuant to ASX Listing Rule 7.3A, the following information is provided in relation to the approval of the Additional 10% Placement Capacity:
 - (a) The Additional 10% Placement Capacity will commence on the date of the Meeting and will expire on the first to occur of the following:
 - (i) the date that is 12 months after the date of the Meeting;
 - (ii) the time and date of the Company's next annual meeting; and

- (iii) the time and date of the approval by holders of the Company's ordinary securities of a transaction under ASX Listing Rule 11.1.2 or ASX Listing Rule 11.2;
- (b) The Equity Securities issued pursuant to the Additional 10% Placement Capacity must be in an existing quoted class of the Company's Equity Securities and will be issued for cash consideration at an issue price which is not less than 75% of the VWAP for securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the securities; or
 - (ii) if the Equity Securities are not issued within 10 trading days from the date referred to immediately above, the date on which the securities are issued;
- (c) The Company may use funds raised by an issue of Equity Securities under the Additional 10% Placement Capacity for a variety of reasons, including additional operating capital to accelerate ongoing product development and win new business opportunities;
- (d) An issue of Equity Securities under ASX Listing Rule 7.1A.2 involves the risk of economic and voting dilution for existing ordinary security holders, including a risk that:
 - (i) the market price for Equity Securities in that class may be significantly lower on the issue date than on the date of the approval under ASX Listing Rule 7.1A; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for those Equity Securities on the issue date.
- (e) The table below displays the potential dilution of existing holders of ordinary securities:

<i>Variable "A" in ASX Listing Rule 7.1A.2 (subject to the assumptions below)</i>		<i>Dilution</i>

- (ii) the Company issues the maximum securities available under the Additional 10% Placement Capacity;
- (iii) the table does not demonstrate any examples of dilution that may be caused to a particular Shareholder by issues under the Additional 10% Placement Capacity, and each Shareholder should consider their individual dilution as a result of their specific circumstances;
- (iv) the table only demonstrates the effect of issues of Equity Securities under the Additional 10% Placement Capacity, and does not

- (g) The Company's allocation policy in relation to issues under the Additional 10% Placement Capacity is subject to the prevailing market conditions at the time of any proposed issue. The identity of allottees of Shares (and the number of Shares allotted to those persons) have not been determined but may include existing Shareholders or new Shareholders. The identity of those persons will be determined on a case-by-case basis having regard to factors including, but not limited to, the following:
- (i) the methods of raising funds that are available and which are used by the Company at or about the time of any issue under the Additional 10% Placement Capacity, including pro rata issues or other issues that allow existing Shareholders to participate;

PART III – US PARTICIPANTS (INCENTIVE STOCK OPTIONS AND NONSTATUTORY STOCK OPTIONS)

Approved by Shareholders on 22 August 2016

1. APPLICABILITY

- 1.1 **U.S. Options.** This Part III of the Scheme shall apply to and govern each Option granted to a U.S. Eligible Person (each such Option, a "**U.S. Option**").
- 1.2 **Incorporation.** This Part III is part of the Scheme and incorporated therein by reference. Each U.S. Option shall comply with the provisions of this Part III and with all other provisions of Part I not inconsistent with this Part III. Any capitalized term not defined in this Part III shall have the meaning set forth in Part I.
- 1.3 **Holding.** In no event shall any Shares with respect to a U.S. Option be held in a trust outside of the United States, including without limitation any employees' share ownership trust established by the Company.

2. ADDITIONAL DEFINITIONS

- 2.1 The following additional definitions apply for the purposes of this Part III:

"Affiliate" means any subsidiary of the Company that under the rules of Sections 414(b) and 414(c) of the Code would be treated as a single employer with the Company.

"Code" means the U.S. Internal Revenue Code of 1986 as from time to time amended and in effect, or any successor statute as from time to time in effect.

"ISO" means a U.S. Option that is an "incentive stock option" within the meaning of Section 422 of the Code.

"NSO" means a U.S. Option other than an ISO, also referred to as a "nonstatutory stock option." Each U.S. Option shall be deemed to have been designated an NSO by its terms unless the Board, at the Issue Date, expressly designates it as an ISO.

"U.S. Eligible Person" means an individual eligible to receive an Option under the provisions of Part I (i) who provides substantial services to the Company or to an Affiliate, and (ii) whom the Board determines to be, or whom the Board at time of grant of the Option expects to become, a U.S. tax resident.

"U.S. Option" means an Option granted pursuant to this Part III. The term "U.S. Option" includes both ISOs and NSOs.

3. GRANT OF U.S. OPTIONS

- 3.1 **Grantor; Eligibility.** Only the Company, as authorized by the Board, may grant U.S. Options. Only U.S. Eligible Persons shall be eligible to receive a grant of U.S. Options. Eligibility for ISOs is further limited to U.S. Eligible Persons who are common-law employees of the Company or of a "subsidiary corporation" or "parent corporation" of the Company as those terms are defined in Section 424 of the Code. The Board will determine the terms of all U.S. Options, subject to the limitations provided in the Schemes, this Rule 3 of Part III and in the Option certificate. Any Shares issued pursuant to an U.S. Option shall be subject to all Company policies, Company or underwriter restrictions on transfer, exercise or resale, Company rights of first refusal or repurchase, and compliance with applicable laws, in each case as determined by the Company.

- 3.2 **Exercise Price.** The exercise price of each U.S. Option shall be 100% (110%, in the case of an ISO granted to a ten-percent shareholder within the meaning of subsection (b)(6) of Section 422 of the Code) of the fair market value of a Share, determined as of the Issue Date, or such higher amount as the Board may determine in connection with the grant. Fair market value shall be determined by the Board consistent with the applicable requirements of Section 422 of the Code and Section 409A of the Code. To the extent approved by the Board in its discretion and with all terms and conditions determined by the Board, payment of U.S. Option exercise prices and/or U.S. Option withholding taxes may be made in another form of legal consideration acceptable to the Board. Such other forms may include, without limitation, surrender of Shares previously owned by the Participant, a Company provided loan, stock attestation, or withholding from other compensation paid to the Participant by the Company.
- 3.3 **ISO Limitations.** To the extent that the aggregate fair market value (determined at the Issue Date) of the Shares subject to all ISOs granted under the Scheme (or granted under any other incentive stock option plans of the Company and its subsidiary corporations) that are exercisable for the first time by a U.S. Eligible Person during the same calendar year exceeds One Hundred Thousand U.S. Dollars (US\$100,000), the Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as NSOs, notwithstanding any contrary provision of the applicable Option certificate(s). Certain decisions, amendments, interpretations and actions by the Company and certain actions by a Participant may cause an U.S. Option to cease to qualify as an ISO and by accepting an U.S. Option, each Participant agrees in advance to any such disqualifying action taken by either the Participant or the Company.
- 3.4 **Exemption from Section 409A of the Code.** U.S. Options granted pursuant to this Part III shall contain such terms and shall be administered such that they are at all times exempt from the requirements of Section 409A of the Code. The Board shall have the discretionary authority (but not the affirmative obligation) to take such actions and to make such changes to any U.S. Option or this Part III as the Board deems necessary (and without needing to obtain any Participant consent) to comply with the requirements of Code Section 409A (including without limitation, after the Issue Date, increasing the per Share Exercise Price of an U.S. Option to equal what was the fair market value of a Share on the U.S. Option's Issue Date).
- 3.5 **Change in Control.** If there is a "change in control event" (within the meaning of Code Section 409A) involving the Company and/or the Company is a party to a merger or acquisition or reorganization or similar transaction, outstanding U.S. Options shall be subject to the merger agreement or other applicable transaction agreement. Such agreement may provide, without limitation, that subject to the consummation of the applicable transaction, for the assumption (or substitution) of outstanding U.S. Options by the surviving entity or its parent, for their continuation by the Company (if the Company is a surviving entity), for accelerated vesting or for their cancellation with or without consideration, or for the mandatory exercise or conversion of U.S. Options into Shares and/or cash, in all cases without the consent of the Participant.

4. NON-TRANSFERABILITY OF THE OPTION

- 4.1 **Transferability.** No U.S. Option may be transferred other than by will or by the laws of descent and distribution, and during an Participant's lifetime a U.S. Option may be exercised only by the Participant; provided, however, that the Board may, in its sole discretion, permit transfer of an NSO in the applicable Option certificate in a manner that is not prohibited by applicable tax and securities laws. Notwithstanding the foregoing, if a U.S. Option is required to be transferred pursuant to a domestic relations order; and the U.S. Option is an ISO, such U.S. Option may be deemed to be a NSO as a result of such transfer.

5. SHARE LIMITS

- 5.1 **Number of Shares Available to be Issued Under ISOs.** A maximum of 4,000,000¹ Shares (or, if fewer, the maximum number of Shares available under the Scheme) may be delivered in satisfaction of ISOs (the “**ISO Limit**”) or with respect to the exercise of all U.S. Options (the “**Part III Share Limit**”). To the extent consistent with the requirements of Section 422 of the Code, Shares issued under awards of an acquired company that are converted, replaced, or adjusted in connection with the acquisition shall not count against the ISO Limit or Part III Share Limit. If U.S. Options are forfeited or are terminated for any reason (including the Company's repurchase of unvested Shares), then the forfeited/terminated/repurchased Shares underlying such U.S. Options shall not be counted against the Part III Share Limit or ISO Limit (to the extent permitted by law). Additionally, only the number of Shares actually issued to the Participant in settlement of an U.S. Option exercise shall be counted against the Part III Share Limit or ISO Limit (to the extent permitted by law).
- 5.2 **Term.** No U.S. Options may be granted after the tenth anniversary of the date the Scheme was adopted by the Board, but previously granted U.S. Options may continue beyond that date in accordance with their terms. U.S. Options shall be exercisable for a period not to exceed ten (10) years after the Issue Date and any U.S. Options that have not been exercised as of such option term shall terminate and all interests and rights of the Participant shall expire. Notwithstanding the foregoing, in the case of a ten-percent shareholder within the meaning of subsection (b)(6) of Section 422 of the Code, ISOs shall not be exercisable later than five (5) years after the Issue Date.

6. VARIATION OF CAPITAL

- 6.1 **Adjustments.** The Board shall have due regard for the qualification of ISOs under Section 422 and the requirements of Section 409A, where applicable, in making any adjustments affecting U.S. Options pursuant to Part I, Rule 8. In addition, the Option shall be subject to such adjustments under the Scheme upon a change of control or an asset sale as determined by the Board. All such adjustments affecting the Option shall be consistent with the requirements of Section 422, Section 424 and Section 409A of the Code, as applicable.
- 6.2 **Other Adjustments.** In the event of a stock split, reverse stock split, stock dividend, recapitalization, combination, reclassification or other distribution of the Shares without the receipt of consideration by the Company, then there shall be a proportionate adjustment to (i) the number (and kind) of Shares purchasable or issuable under the US Options and (ii) the exercise prices of the U.S. Options and (iii) the Part III Share Limit and ISO Limit. Under no circumstances shall the Company be required to authorize or issue fractional Shares as a result of the previous sentence.

7. LEGAL CONDITIONS ON DELIVERY OF STOCK

- 7.1 **Requirements.** The Company will not be obligated to deliver any Shares pursuant to the Scheme or to remove any restriction from Shares previously delivered under the Scheme until: (i) the Company is satisfied that all legal matters in connection with the issuance and delivery of such Shares have been addressed and resolved; (ii) if the outstanding Shares are at the time of delivery listed on any stock exchange or national market system, the Shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and (iii) all conditions of the U.S. Option have been satisfied or waived. If the sale of Shares has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the U.S. Option, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of such Act. The Company

¹ A specific number of shares must be included if ISOs are going to be granted. This number must also be approved by shareholders i.e. it cannot be entered after shareholder approval has been given.

may require that certificates evidencing Shares issued under the Scheme bear an appropriate legend reflecting any restriction on transfer applicable to such Shares, and the Company may hold the certificates pending lapse of the applicable restrictions.

- 7.2 **Certificates.** If Share certificates are issued, a separate certificate or certificates shall be issued for Shares purchased on exercise of each U.S. Option.

8. MISCELLANEOUS

- 8.1 **Waiver of Jury Trial.** By accepting a U.S. Option under this Part III, each Participant waives any right to a trial by jury in any action, proceeding or counterclaim concerning any rights under the Scheme and any U.S. Option, or under any amendment, waiver, consent, instrument, document or other agreement delivered or which in the future may be delivered in connection therewith, and agrees that any such action, proceedings or counterclaim shall be tried before a court and not before a jury. By accepting a U.S. Option under this Part III, each Participant certifies that no officer, representative, or attorney of the Company has represented, expressly or otherwise, that the Company would not, in the event of any action, proceeding or counterclaim, seek to enforce the foregoing waivers.
- 8.2 **Limitation of Liability.** Notwithstanding anything to the contrary in the Scheme, neither the Company, nor any Affiliate, nor the Board, nor any person acting on behalf of the Company, any Affiliate, or the Board, shall be liable to any Participant or to the estate or beneficiary of any Participant or to any other holder of a U.S. Option by reason of any acceleration of income, or any additional tax, asserted by reason of the failure of a U.S. Option to satisfy the requirements of Section 422 of the Code, Section 409A of the Code or by reason of Sections 280G and 4999 of the Code; provided, that nothing in this Rule 8.2 shall limit the ability of the Board or the Company to provide by separate express written agreement with a Participant for a gross-up payment or other payment in connection with any such tax or additional tax. For withholding tax purposes, the Shares shall be valued on the date the withholding obligation is incurred.
- 8.3 **Notice Of ISO Sales.** In the event that either (a) within two (2) years after the Issue Date of an ISO, or (b) within one (1) year after the issuance of such Shares pursuant to the exercise of such ISO, the Participant disposes of Shares acquired pursuant to such ISO, the Participant shall immediately notify the Company in writing of such disposition. Such notification will without limitation include the date of the disposition, the number of Shares that were disposed of and their U.S. Option Issue Date, and the amount of proceeds the Participant received from the disposition. Each Participant agrees and acknowledges that he or she will provide the Company with all information as may be requested for purposes of making any required information and reporting returns under applicable tax laws relating to the exercise of U.S. Options and disposition of the Shares.
- 8.4 **ISO and NSO on Same Terms.** Where the Participant has both an ISO and NSO granted on otherwise identical terms and the U.S. Options have not Vested as to 100%, any performance condition, pro-rating and vesting conditions shall be applied so as to treat the ISO as vesting prior to the NSO.
- 8.5 **Taxes.** Each Participant shall be solely liable and responsible for any taxes that are imposed on Participant as a result of any U. S. Option grant, exercise, settlement, and/or disposition of Shares acquired pursuant to such U. S. Option. Any grant, vesting (or acceleration of vesting), exercise, or settlement of an U.S. Option shall not constitute a parachute payment within the meaning of Code Section 280G such that there would be an imposition of golden parachute excise taxes under Code Section 4999 and/or the loss of a tax deduction for the Company under Code Section 280G. The Company shall have the authority to ensure that this requirement is satisfied including without limitation by reducing the amount of compensation otherwise to be provided with respect to an U.S. Option and/or other compensation that would otherwise be provided to a Participant so that there are no Code Section 280G parachute payments.

8.6 **California Securities Laws.** To the extent necessary to comply with the state of California Corporate Securities Law of 1968 as amended, the following terms listed in this Rule 8.6 shall apply if a Participant is also a "California Participant". For purposes of this Rule 8.6, a Participant is a California Participant if the applicable U.S. Option was granted in reliance on California Corporations Code section 25102(o). If termination of the California Participant's employment was for reasons other than due to death or disability, the California Participant shall have at least 30 days after the date of such termination to exercise any of the then-vested and exercisable portion of his/her U.S. Options (but in no event later than the expiration of the term of the U.S. Option established by the Board as of the Issue Date). If termination of the California Participant's employment was due to his/her death or disability, the California Participant shall have at least six months after the date of such termination to exercise any then-vested and exercisable portion of his/her U.S. Options (but in no event later than the expiration of the term of the U.S. Option established by the Board as of the Issue Date). For purposes of this Part III, "disability" shall mean a Total and Permanent Disability as defined by Code Section 22(e)(3). The Plan and this Part III must be approved by Company shareholders in accordance with California Code of Regulations Title 10 Sections 260.140.41(g) and Section 260.140.42(e) within no later than twelve months after the initial granting of any U.S. Option in the state of California or else all such U.S. Options granted to California Participants must be rescinded. Notwithstanding the foregoing, for so long as the Company is a "foreign private issuer" as defined by Rule 3b-4 of the U.S. Securities Exchange Act of 1934 and the aggregate number of persons in California granted U.S. Options (or other Company options or securities) does not exceed 35, then the foregoing shareholder approval requirement is not applicable as permitted by California Code of Regulations Title 10 Sections 260.140.41(g) and Section 260.140.42(e).
